Gotcha! A new series shows real con artists at work!

The Hustlers

THINK you're too savvy to get scammed? Think again! On the new reality show *The Real Hustle*, expert grifters shake down unsuspecting victims — and it's all caught on camera! "We do everything from high tech security scams to pickpocketing and classic sleight of hand," head hustler **Apollo Robbins** tells *Star*. "Once we reveal what happens, the marks all say, 'I didn't think I could get tricked!'"

Joining Apollo, a former pickpocket and current security consultant, are magician **Ryan Oakes** and actress **Dani Marco**, who makes a perfect decoy. Among the trio's cons is a real estate scam, where the promise of a cheap high-end apartment has wannabe renters gleefully handing over cash — and personal info.

But these con artists are not just trying to embarrass people. "My goal is to convince viewers that it can happen to them," says Apollo. "That way, if they find themselves in that same situation, it will raise a red flag." ★

Good thing they're on our side! Ryan (above), Dani (left) and Apollo (below) show viewers how to avoid being robbed, swindled and scammed on *The Real Hustle*.

DON'T GET SCAMMED!
Follow these tips to protect your cash and identity.

1. Make sure to take receipts with you after making a purchase or taking money out of an ATM.
2. When approached by people who claim to have authority, don't be afraid to ask for ID. If they're legit, they will be happy to oblige.
3. Shred documents that contain personal info before putting them in the trash.
4. Memorize your passwords.

Who is Anthony Aldana?

TRIMSPA Success Story #46350

STATS: 40 yrs. old, father of 4
THEN & NOW: 231 to 196 lbs.
HOMETOWN: LaPorte, IN
OCCUPATION: Iron Worker

INSPIRATION: "All my life I have been over weight - the last picked when playing team sports. I tried almost every diet with little or no success. I would leave my button open on the top of my pants just to stay in a size 38. It was humiliating. TRIMSPA is like no other product I have ever tried. It helped me control the uncontrollable - my weight. I wish I had TRIMSPA 20 years ago, but better late than never!"

WEIGHT LOSS: 35 lbs.

Do you leave a "button open" just to stay in a pant size like Anthony did?

Isn't it time you gave TRIMSPA a try?
